SUMMARY

Product and UX Designer with hands-on experience across user research, visual design, interaction design, and scalable UI systems for web and mobile products. Strong grounding in accessibility, information architecture, and data-informed design decisions, backed by a computer science background. Proven ability to translate user and business needs into usable, production-ready solutions.

WORK EXPERIENCE

Product Design Intern
Satlights (B2B SAAS)
Sep 2025 – Feb 2026

- Conducted primary user research with 100+ potential users to inform early product positioning and workflow design.
- Synthesized user and market insights into wireframes and interaction updates for core product flows.
- Design changes contributed to closing the company's first B2B client, supporting initial revenue generation.

UI Design Intern
SyntX
Jul 2025 - Aug 2025

- Collaborated with engineers to ensure design-to-development fidelity on production builds.
- Improved UI consistency across 12+ screens, supporting platform adoption growth.

PROJECTS

Senior-Friendly UPI Experience - A simplified UPI interface built for senior citizens
Product Designer - Accessibility & Inclusive Design | Project Link
Nov 2025

- Reframed digital payments usability as a trust and confidence challenge through senior user research.
- Redesigned UPI payment flows with accessibility-first principles to reduce cognitive load and errors.
- Usability testing with senior users (n=10) showed improved task comprehension; 70% reported increased confidence.

DoodleTales – AI-Enabled B2C Platform
Product Designer – User Centered Design & Interaction | Project Link
Mar 2024

- Defined end-to-end product vision and primary user flow for converting doodles into AI-generated stories.
- Iterated on interaction flows and AI prompt design using qualitative user feedback.
- Concept validated with parents (n=12); 83% indicated strong interest and perceived value for children.

EDUCATION

Bachelor of Technology in Computer Science with AI | CGPA : 8.26 | 2022 - 2026
G.L. Bajaj Institute of Technology and Management | Greater Noida, UP, India

CERTIFICATIONS AND BADGES

Google UX Design Professional Certificate

TECHNICAL SKILLS

Design & Product Thinking: User Experience (UX) Design, Interaction Design, Information Architecture, User Flows, Wireframing, Prototyping, Design Systems, Accessibility (WCAG), Responsive Design
UX Research & Strategy: User Research, User Interviews, Usability Testing, Research Synthesis, Problem Framing, Insight-to-Design Translation, Product Discovery
Visual & Interaction Craft: Typography & Visual Hierarchy, Responsive Design, Micro-interactions, Consistency & Token Thinking
Tools & Technical Literacy: Figma, FigJam, Adobe InDesign, Framer, HTML, CSS, Design Tokens, Developer Handoff
