SUMMARY

Product Designer with expertise in user-centered design, visual design, and end-to-end product development, backed by a strong foundation in Computer Science and AI. Experienced in designing AI-powered products, conducting user research, and creating scalable solutions that balance user needs, business goals, and technical feasibility. Passionate about emerging technologies, machine learning applications, and LLM-driven user experiences.

WORK EXPERIENCE

Product Design Intern

Satlights (B2B SAAS)

Sep 2025 – Feb 2026

- Conducted primary user research with 100+ potential users to inform early product positioning and workflow design.
- Synthesized user and market insights into wireframes and interaction updates for core product flows.
- Design changes contributed to closing the company's first B2B client, supporting initial revenue generation.

UI Design Intern

SyntX

Jul 2025 - Aug 2025

- Collaborated with engineers to ensure design-to-development fidelity on production builds.
 - Improved UI consistency across 12+ screens, supporting platform adoption growth.
-

PROJECTS

Senior-Friendly UPI Experience - A simplified UPI interface built for senior citizens

Product Designer - Accessibility & Inclusive Design | [Project Link](#)

Nov 2025

- Reframed digital payments usability as a trust and confidence challenge through senior user research.
- Redesigned UPI payment flows with accessibility-first principles to reduce cognitive load and errors.
- Usability testing with senior users (n=10) showed improved task comprehension; 70% reported increased confidence.

Explainable XGBoost Model – A Career Counseling ML Model

Product Designer & AI Developer

Mar 2026

- Researched career decision-making patterns and defined the recommendation framework.
 - Developed an XGBoost-based recommendation model achieving 92% training accuracy, 83.6% test accuracy and 0.83 F1-score.
 - Designed and prototyped the complete web platform, translating AI-driven insights into actionable career guidance.
-

EDUCATION

Bachelor of Technology in Computer Science with AI | CGPA : 8.35 | 2022 - 2026

G.L. Bajaj Institute of Technology and Management | Greater Noida, UP, India

CERTIFICATIONS AND BADGES

[Google UX Design Professional Certificate](#)

TECHNICAL SKILLS

Design & Product Thinking: User Experience (UX) Design, Product Design, Interaction Design, Information Architecture, User Flows, Wireframing, Prototyping, Design Systems, Accessibility (WCAG), Responsive Design, Product Discovery

Research & Strategy: User Research, User Interviews, Usability Testing, Research Synthesis, Problem Framing, Insight-to-Design Translation, Journey Mapping, Data-Informed Design Decisions

Visual & Interaction Craft: Visual Design, Typography & Visual Hierarchy, Design Systems, Micro-interactions, Design Tokens, Responsive Design, Consistency & Component Thinking

AI & Emerging Technologies: AI Product Design, Generative AI Experiences, Prompt Design, Machine Learning Fundamentals, LLM-Powered Experiences, AI-Assisted Workflows

Tools & Technical Literacy: Figma, FigJam, Framer, Adobe InDesign, Adobe Illustrator, Adobe Photoshop, HTML, CSS, Developer Handoff, Design Tokens, AI Tools
